

Professional Horse Pasture Mix

- ◆ Components are present in the proper ratios to provide optimum pasture
- ◆ Premium quality components selected for regional adaptation and performance
- ◆ Maximum production per acre
- ◆ Produces high-quality, balanced hay
- ◆ Good general pasture mixture

Seeding Rate for Mixture:
30-35 lbs. Per Acre

High-quality pastures can provide much of the feed needed by horses, while providing the most natural and healthy environment for exercise and rest. Establish this type of productive environment—a healthy, safe, and attractive pasture—for your horses by using the quality components in **Professional Horse Pasture Mixture.**

Farm Science Genetics Professional Horse Pasture Mixture is a forage blend specially formulated to meet the nutritional needs of horses, while withstanding their intense grazing pressure.
